Description: Your 2-person team plays the scheduled Course of the Week at your Home Bar.

You have Monday through Sunday to play the course WITH your partner (you must play the course together at the same time). The score that will be used is **the combined total of your best game together**. You must complete all 18 holes for it to count. You can play together as many times as you want to achieve your best score for the week. League scoring will be Leaderboard style. There will be a Leaderboard for each Course of the Week, and then a Cumulative League Leaderboard for the season.

Log-In & League Fees: All players must log in to play using a keyless log in, a Golden Tee Live Card or a credit/debit card. (You can pay cash, but don't forget to log in!) **You must use the same log in for the entirety of the season.** The league player fee is \$5/player/wk and is paid into an envelope and deposited into a dart machine. All league funds will be paid back to the players.

*When you select the Course of the Week to play, you must choose 18 Hole Stat play or 18 Hole Live play (**NOT Casual play**).

*You may use upgrades that you've earned on your card or paid for during League play. For example, you can purchase "golden tees" in the game that allow you to adjust Tee height and placement, which can really help on certain trouble holes.

*You can play the course with your partner AND with other people at the same time. It'll count for your team as long as you complete all 18 holes together with your partner on the same machine.

Handicap:

AGAIN This Year: We will be using rollover averages for all players with history in this league for the first 2 weeks. Any new player will use their Golden Tee Handicap as it's being established. If your AvgGTee Handi is a positive number, 90% will be used to calculate net score.

Any player that has a negative AvgGTeeHandi (meaning that they average OVER par) will be allowed to use their negative average to calculate their NET score for the first 3 weeks of the season. If your AvgGTeeHandi is negative after week 3, it will default to par (or zero) for use in calculating your net score.

Substitute Players: Since you have a whole week to play your round, there shouldn't be much need for subs, but in the event you do need to use a sub, I need you to call and let me know who they are/what their user ID is so I can track them for the week. No regular league player may sub on a different team.

Forfeits: Any team that forfeits 2 weeks is out of the league and forfeits all league money. To score a forfeit, the forfeiting team will receive a score that matches the score of the worst ranked team that week; or, a score of Even if all teams were minus. No forfeiting team will gain stroke(s) on the leaderboard for the week they forfeited.

Tournament: End of Season Tournament scheduled for Saturday February 1. Meet at Eagles 186 at 9am. **MUST** be signed up for EOS tourney by January 26th, for bracket, timing and location efficiency.

Golden Tee 2019/20 SCHEDULE

TEAM:		CAPTAIN:	CAPTAIN PHONE:
1 CLOUD PEAK	Mike & Jason	Mike Wootton	461-2465
